

Shira Most has served as NHeLP's Director of Development since 2000 in NHeLP's Los Angeles office. Prior to coming to NHeLP she served as the Regional Director of the Jewish Federation of Los Angeles. Previously she served as a consultant for primary health care centers specifically in the areas of resource development and Board training, and as development director of several nonprofit organizations. Shira holds an M.S.S.A. degree in health administration and planning from Case Western Reserve University.
