

NHeLP assists legal services programs, private attorneys, and community-based organizations and state and local governments to develop creative solutions to providing health care for those without the means to provide for themselves.

NHeLP will:

- Review materials, including draft contracts for managed care
- Prepare comments on regulations, policies and legislative proposals
- Draft opinion letters
- Advise on individual eligibility cases
- Assist in developing advocacy strategies
- Provide citations, memoranda, articles for policy development or court cases
- Monitor and analyze legislation

*NHeLP has provided us timely and thorough analyses of various Florida managed care proposals; has supplied us with pertinent research and information from advocates throughout the country addressing similar issues; and has kept us informed of significant and relevant developments on the federal level. Only with NHeLP's ongoing support have we been able to become a credible and trusted voice in the ongoing Florida debate on Medicaid managed care.*
